Renting Pay-Per-View Shows is Easy!

With the weather slowly changing, there's never a better time to check out LightTUBE's variety of Pay-Per-View (PPV) shows! With everything from wrestling matches to concerts, LightTUBE has you covered with a vast selection of PPV shows.

LightTUBE Channels 249 and 250 will show miscellaneous content from UFC fights to documentaries and everything in between. LightTUBE Channels 251 and 268 are the ESPN Sports Packages which allow you the option to purchase the 'Weekend Pass' or to purchase the entire season so you can view your favorite team whenever they're in action.

Purchasing a PPV event is incredibly easy:

1. Tune Standby (STB) to the desired channel that has the event you wish to purchase on it.
2. Press the OK button.
3. Arrow down once and select 'Buy PPV.'
4. Confirm purchase with the OK button.

Of course, if you have any trouble at all, call the TUB office at 455-4515 and select option 2 to speak with a LightTUBE Technical Service Representative. You may also send an email to 'support@lighttube.net' – please allow us up to 24 hours to respond to all email inquiries, though.
